Percy

Hey Buddy! Another year has come and gone, and I am glad that I became such good friends with ya. I certainly hope I come back next year, cuz I will really miss this place, and most of the people here. You are one cool person Percy! (try saying that 10 times really fast.) And you know it, also, THANK for being there, when I wanted to talk. Remember that time we were playing those video games in the computer room, that was a lot of FUN. Maybe sometime this summer we could get together this summer, and do something this summer. I am determined to fill up this page. So I AM GOING TO

A stylized black and white illustration of a baseball. The baseball is depicted within a circular frame, with two curved lines representing the stitching pattern. The stitching consists of a series of small, dark, teardrop-shaped segments arranged in a curved path across the surface of the ball. The entire illustration is rendered in a simple, graphic style with high contrast between the black lines and the white background.
